

1. CORE FINANCIAL & PROJECT EXECUTION TERMS

- 1.1 Payment Schedule & Presentation Trigger** STRICTLY ENFORCED

All client engagements under PrisainTech operate under a performance-triggered billing framework. Full project payment is strictly due, payable, and collected immediately upon the **First Presentation** of the completed product or project demo. The First Presentation marks the substantial completion of initial development deliverables.
- 1.2 Mandatory Revision Protocol** CONDITIONAL PROCESSING

PrisainTech enforces a strict post-payment revision workflow. No revision requests, design modifications, feature adjustments, or code and content changes will be queued, processed, or initiated until the First Presentation payment has fully cleared and been credited to PrisainTech's bank account.
- 1.3 Post-Launch & Maintenance Billing Structure**

Charges for ongoing system maintenance, post-launch site/app modifications, infrastructure scaling, and additional scope feature requests are independent of primary project delivery fees. All post-launch items are billed and payable after final product delivery under mutually agreed retainer schedules or ad-hoc technical work orders.

2. PRIMARY AGENCY SERVICE CATALOG & PRICING STRUCTURE

The following schedule governs standard baseline pricing for PrisainTech core deliverables. Rates are fixed in INR (₹) and USD (\$) as specified below:

PACKAGE TITLE & DESCRIPTION	INR RATE (₹)	USD RATE (\$)
Website Only – High-converting custom site deployment	₹12,000	\$150
Starter Brand Pack – Visual identity & brand assets	₹15,000	\$180
Website + Logo + Special Design – Complete digital launch	₹15,000	\$180
AI Automation for Calls/Web – 24/7 Voice & web bot integration	₹15,000	\$180
Website + AI Automation – Web platform with embedded AI workflows	₹27,000	\$330
Web + Logo + Special + AI – Full brand and automated workflow stack	₹30,000	\$370
Growth Pack MOST POPULAR – Scalable growth architecture	₹35,000	\$420
Website + App + AI Suite – Web, mobile app, and full AI automation	₹36,000	\$450

3. ADVANCED & ENTERPRISE SOLUTIONS SCHEDULE

Specialized enterprise systems, recurring retainers, and high-capacity AI deployments are governed by the dedicated pricing framework set forth below:

ADVANCED SOLUTION / ENTERPRISE PACKAGE	INR PRICING (₹)	USD PRICING (\$)
Web + App + AI + Product Ad — Complete digital commerce engine	₹45,000	\$550
Mega All-Pack — All-inclusive technical and design suite	₹50,000	\$600
Scale Suite + Retainer — Infrastructure setup + monthly operations	₹75,000 + ₹10,000/mo	\$900 + \$120/mo
E-Commerce AI Dominance — Conversational sales & AI inventory	₹60,000	\$750
AI Voice & Telephony Engine — Inbound/outbound calling stack	₹20,000 + ₹5,000/mo	Custom Quote
Digital Twin Content Machine — Autonomous AI content pipeline	₹40,000 + ₹12,000/mo	Custom Quote
Real Estate & Healthcare Accelerator — Vertical AI automation	₹65,000	\$800
Enterprise AI Retainer Pack — Full-scale dedicated AI operations	₹1,20,000	\$1,500

4. SOFTWARE OVERHEAD & TECH STACK GOVERNANCE

Active third-party software overheads, cloud hosting, API compute, and third-party SaaS subscriptions managed or required for full operational integration (including but not limited to **Framer Pro, Claude Pro, Higgsfield, WATI, HeyGen, and Midjourney**) are either factored directly into custom service agreements or billed separately based on actual deployment scale and token/API consumption.

5. STANDARD 7-DAY AI AGENCY OPERATIONAL DELIVERY CADENCE

All standard project implementations follow PrisainTech's accelerated 7-day rapid execution framework:

DAYS 1–2	Strategy & Design Phase: Brand strategy alignment, visual identity logo creation, high-fidelity website wireframing, and design system approval.
DAYS 3–4	Production Phase: Full-stack website development, mobile application buildout, database schema configuration, and frontend responsiveness styling.
DAY 5	AI & Integration Phase: AI telephony infrastructure setup, voice agent neural tuning, and WhatsApp automation workflow integration.
DAYS 6–7	QA, Demo & Launch Phase: AI video asset generation, end-to-end quality assurance, formal First Presentation demo to client, payment clearance, and live deployment.

6. AUTHORIZATION & AGREEMENT ACKNOWLEDGEMENT

By engaging PrisainTech services, client acknowledges and agrees to all financial payment triggers, pricing schedules, and operational protocols detailed herein.
